Dr. Holt delivered a very powerful speech in ad-vocacy of sound Democratic principles, sound money, and fully showing that the delay of the United States Senate in not repealing the Sherman law had caused a still further loss of confidence

The first blow dealt was on the back of the neck, which severed the large neck-bone, then three other licks on the forchead, all made with a sharp axe, and either of them sufficient to have killed him. After committing the terrible deed,

she went over to George Hardy's, a negro, living about half a mile off, and wanted to stay the remainder of the night, claiming that old man Carter had driven her off. This was about 2 o'clock yesterday morning. She was allowed to remain until sun-up. Then she requested one of the negro boys to go with her home, as she was afraid to return alone. On approaching the front door she said it was fastened, then went to the window, and called the negro boy, saying "Run here, Uncle Joe Carter is dead." The boy looked through the window, and saw it was true. The fact was then told to the nearest neighbors, who soon gathered, and it was found that a knife had been placed in his hand to advance the idea that it was suicide, but that was soon knocked in the head by finding blood on an axe at the wood-pile, also on a dress worn Sunday night by the woman, Liz-

The sheriff of Tazewell county and one of his deputie were taking them to Richmond to serv a term of three years each for house breaking. While the eyes of the officers were in another direction one of the negroes sprang through the window, making good his escape across the field. During the excitement which followed the other negro quietly slipped out of the rear door of the car, and jumped to the ground on the opposite side. The train was stopped and the officers started in search of the fleeing convicts, who by this time were out of sight.

The sheriff says the men were hand-cuffed together. For the last week in September the Po-ahontas Coal Company shipped 54,480 tons of coal, making a total of 206, 664 tons for the month.

DEFEATED BY THE CHARLESTONS AT ISLAND PARK YESTERDAY.

The Virginias Are Unfortunate and Luck Sorry That the Season is Over-An Interesting Game To-day.

The Charlestons in defeating the Virginlas yesterday proved almost conclusively that they are ball-players of more than ordinary merit. Stout, solid men, good batters and brilliant fielders, there are but few clubs outside of those who make up the National League, that can tackle them with any great hopes of victory. They have what the Virginias have lacked doing this entire seasona manner of going in at critical moments, and winning the game, or preventing the other team from doing so. Let the Virginias arrive at a stage of the game where a base-hit is worth gold, and

where a base-int is worth good, and where a sacrifice hit couldn't be bought for half the coin in a sub-treasury, and the very first man who goes to the bat will be the individual who sends a "pop" foul to catcher. The other fellow will, nine chances out of ten, strike out, and if during the inning come player is for-tunate enough to reach second, he in-variably is left there by the next batter sailing a fly to left field. This is not mere theory, but actual fact, as the records of the games in which the Virginias have participated, will prove, and it just goes to show that there is an unlucky star following the Virginias. Some that team has a "hoodoo," and would be a blessing if O'Rourke

could go out to some lonesome graveyard, some night, and catch the left foot of a squirrel. Tate ought to turn around three times before each game, and it wouldn't hurt Enright a particle if he uld associate a day or two with a hump-That Parisian boulevardier, Monsieur

Hard drives, well timed, and together, is what did the work, and O'Rourke was batted all over the field. Another Game To-day. PETERSBURG, VA., Oct. 3 .- Special-The Stauntons again defeated the Fetersburgs this afternoon in a very close game. The Petersburgs had the visitors blanked up to the sixth inning, with two men out and two strikes on the next batter, when they succeeded in making three runs, theing the score, not one of the three runs being earned, Sandford, Foster, and Junie Quarles making inexcusable errors. The Stauntons played a poor game in the field, and the Petersburgs should have won "hands down." Up to the sixth in-ning the visitors had only made three scattering hits off Quaries, and with pre-per support would only have made one run. Three of Petersburgs runs were William Quaries made three singles and one two-bagger, and Foster and Cauliflower each made a home run. The game resulted in favor of the Stauntons by a score of 5 to 4.

These two clubs will play another game to-morrow afternoon. The Entries at Morris Park,
